In saying yes he applied for sanction for the permanent retention of the two temporary hands above referred to. Papers S. Nos 31, 32 & 36. In reply, the Senior Surgeon was asked to submit a proposition statement shewing the work allotted to each clerk and the addl work for which the confirmation of the two temporary hands was sought. Paper S. No 39. He has now submitted the proposition statement called for, and applies for Govt sanction

The permanent Office establt of the Senior Surgeon Cost to Govt Rs: 310/- per mensem. (Please see printed Copy of order of the 15-2-07 put up.)

Besides, a temporary establishment Costing Rs 60/- a month was sanctioned for one year at the instance of the Senior Surgeon in Connection with the dispensary statistics reqd by the Govt of India for the Calendar year. Please see papers S. Nos. 24, 26 & 28 & 30 in the bundle of papers put up.

The total Cost of the Senior Surgeons office establishment both permanent & temporary is at present Rs: 370/- a month

Subsequently the Govt of India wanted in addition to the above statistics a report for the year ending 30th November on the dispensaries in

In pursuance of Medical budget-arrangements were made for 3 months pay of the two temporary hands. Now the Snr Surgeon prefers payment of pay to Asst Surgeons and Entertainment Allowance to Hospital Assts. The former gets Rs 150 which he wants to increase to Rs 250 and the latter Rs 12 which he wants to increase to Rs 15. Hospital Assts are not allowed any Entertainment Allowance but the Snr Surgeon says that they are entitled to it. The question is

The above orders were communicated to the Senior Surgeon in his present letter No 3200 of the 7th instant ~~but~~ the Senior Surgeon calls for a reconsideration of the orders passed and requests that his proposals as contained in paper S. The increase of Establishment (cost Rs 122 per annum) is strongly recommended by the Surgeon on the ground that the work in this Office is very heavy and is fast increasing and that a great many reports and returns have to be submitted to the Govt and to the Govt of India He is particularly anxious

that the 2 Clerks on Rs 40 and 20, who were sanctioned temporarily for one year, and whose services were dispensed with some months back under the orders of Govt, should be given again to his Office

24/1/02

The Statement of work done does not show conclusively the need for any addition. If there is rearrangement of work, it is probable that the present men can get on. The number of Papers dealt with or a Comparison with the Constitution of other offices will be useful.

May the Senior Surveyor be asked to supply precise information on these lines?

As per above orders, the Senior Surgeon was asked to report the No of From and To letters registered in his Office for the past 3 calendar years and to state whether any and what statements or returns he is now submitting to Govt might be dispensed with In reply he has furnished a statement from which it will be seen that the No of From and To letters registered was

In Govt Prop No 10245-46 dated the 15th February, 1901. (printed copy put up) the amalgamation of the Med Stores and the Vaccination Deptt with the Senior Surgeon's Office was sanctioned on the recommendation of the Senior Surgeon. This was intended to revise the pay of the Officials of the Senior Surgeon's Office and that of the two clerks who were then doing the clerical duties connected with the Medical Stores and the Vaccn Deptt - so as to involve no additional expenditure - a measure which became feasible consequent on the death of one Arunachellam Pillay, late Manager of the Senior Surgeons Office. The Cost of the clerical estt as then sanctioned was Rs: 310/- per mensem. To this should be added

(1) Rs 150 — the pay of the Supdt, Med Stores
(2) Rs: 20 — the pay of the Menial Estt of the S. Surgeons Office
(3) " 90 — — do — do — the Med Stores.
(4) " 100 — (50 Rs - arrears of pay to Manager

and the present total Cost of estt both Superior and menial, of the Senior Surgeon's Office, Medl Stores and Vaccn Deptt, Combined is Rs pcs 670/ per mensem But of this Rs. 125/ being the 2nd increment of pay to Senior Surgeon's Office Manager ~~had not~~ is not disbursed to him as he has not yet earned ~~yet~~ it.

In the present letter, the Senior Surgeon proposes to separate the three Offices and make them independent of each other as the present ~~system~~ arrangement has been found to be unworkable, and states that the work in the Medl Stores has increased, as the no of Hospitals and Dispensaries has increased from 40 in 1885 to 152 in 1903. In view to give adequate establishment to the Medl Stores, the Senior Surgeon has subd for the sanction of Govt three proposition statements

one on behalf of Senior Surgeon's Office and Medl Stores

one on behalf of Vaccine Institute and Vaccn Deptt, and

one on behalf of Lunatic Asylum

A separate memo will be subd for orders as regards the proposition statement of the Lunatic Asylum on receipt of info from the Senior Surgeon

Surgeon" which was called for in this Office docket No 13894 of the 18th March, 1903, on subject from [illegible] of a similar proposition statement - on behalf of the very same institution.

As regards the rest

(1) Senior Surgeon's Office

it is proposed (1) to send away two clerks, one on Rs: 30/. and one on Rs 20/., to the Med. Stores, (2) to give an increase of Rs: 3/. to the Senior Surgeon's Office Daffedar and of Rupee one each to the two peons at present on Rs 6/ and (3) to take on the establishment of the Senior Surgeon's Office 5 men (one daffedar and 4 peons) belonging to the Med. Stores, but working under him (Senior Surgeon) as his personal orderlies in his capacity as Officer in Charge of the Med. Stores, and give them increases as shewn below

Rs: 5 — to the Daffedar (to be hereafter styled as Jamedar)
Rs 2/. to the two peons on Rs 7/.
Rs 2/. — do — on Rs 6/.
9

(2) Medical Stores.

it is proposed

(1) to increase the pay of the Supdt from Rs 150/. to Rs: 200/. and further to Rs: 300/. by annual increments of Rs: 25/. each

(2) to entertain a new hand on Rs 45/- and style him Asstt Clerk, and make his pay rise to Rs 70 by bi-annual increments of Rs 5/-.

(3) to take the two clerks from the Senior Sergeons office and style them, one as Asstt and the other as Apptd Clerk, and make their pay rise to Rs 50 & 40 respectively by bi-annual increments of Rs 4/- each.

(4) to make the pay of the Compounder on Rs: 15/- rise to Rs 20/- by bi-annual increments of Rs 2½

(5) to bring on the backward the Apptd Compounder on Rs 10/- who is at present paid from the Contingencies of Local Funds (please see Managers Note of the 18th April 03 put up with the letter) and raise his pay to Rs 15/- by bi-annual increments of Rs 2½

(6) to give an increase of Rs 3/- to the present Lascars, and

(7) to entertain a new peon on Rs 7/- and a Cutler on Rs 15/-

The above proposals involve an immediate increase of Rs. 130 rising to Rs: 305/- in 10 years, or Rs: 255/- rising immediately to Rs: 385/- & further rising to Rs 560/- in 10 years. (Please see statement subd.)

(3) Vaccination Deptt

A new hand on Rs: 30/- has been proposed to be entertained for the Vaccn work.

(4) Vaccine Institute

There are two permanent Vaccinators on Rs 25/- each in the Vaccine Institute, besides a temporary vaccinator on Rs 15/-. Mere two men are now in receipt of a temporary allowce of Rs: 5 & 3/- respectively. These allowces were sanctioned to them when Govt sanctioned a temporary estt of Rs: 59/- for the Vaccine Institute for getting through the work connected with the supply of vaccine to places outside the province. Such an allowce is now recommended to be added on to ~~to~~ their pay. (The file connected with this allowance was put-up ~~to Govt~~ with Mr = Papu's file and is not available).

As regards the increase recommended to be given to Mr = R. R. Wale, Supte of the Med = Stores the Senior Surgeon recommended

recommended more than once that Mr. R. R. Wale should be brought on the general list and styled Apte Surgeon. But his recommendations were, on these occasions, negatived by Govt. Please see papers with slips A & B. in G.J. 29 of 1899 put up. Mr. R. R. Wale was recommended to be appointed as Supt. of Med. Stores on a fixed pay of Rs 150/. Please see paper Serial No 1 in the same file.

Mr. R. R. Wale.

The division of offls — by sending 2 clerks to the Stores from Sr Surgeon's office & 5 peons from the latter to the Jr Surgeon's may perhaps be approved.

The increase to Daffedar is rather high (5 Rs) but perhaps that the increase to peons may be passed.

Stores: The increases proposed seem to be rather ~~more~~ ~~than~~ too much.

Vaccine Institute: I presume the general vaccination work (clerical returns &c) was being done in the Senior Surgeon's office. Why shd it not continue? This will dispense with the necessity for a clerk.

One independent office for each of these small institutions seems to be too much.

The matter has to pass through Council.

Mr. 132

I have given these proposals my best consideration in the result that I do not consider myself justified in recommending to Govt. so radical a revision.

2. I admit that the number of Hospitals and Dispensaries in the State has within the past 18 years considerably increased and that in the several branches of the Medical Deptt, there has consequently been an increase of work. In dealing with Col. Benson's recommendation I may say once for all that no increase of pay, either at once or by periodical increments is urgently called for.

3. Medical Stores.

The work in the Medical Stores requires, as I have satisfied myself

by personal inspection, an ~~addl~~ additional Establishment. To the proposed transfer of two clerks on Rs 30/- and Rs 20/- respectively from the Senior Surgeon's Office to the Medical Stores, I see no objection. I do not see why the Superintendent who is a retired Officer of the British Medical Department and who was taken on by us on a fixed Salary should be given any increase. If the Menial Establishment attached to the Medical Stores is unnecessarily strong, while that attached to the Senior Surgeon's Office is very small, there seems no objection to the necessary re-adjustment being made by the Head of the Deptt., provided, however, that this arrangement does not necessitate the entertainment of any additional men. An additional clerk for the

Medical Stores seems urgently called for. The work devolving upon him would be a responsible one and he may be given a Salary of Rs 40/ rising to Rs 50/- by annual increments of Rs 2/- each. The Assistant Compounder who is now paid from contingencies may be brought on the permanent Establishment, the funds from which he is paid remaining, however, the same, viz Local Funds. I would grant him no increase or increment.

4. I do the other proposals do not seem urgent and may await a more favorable opportunity.

5- In conclusion, I would note that all that now requires sanction is (1) the appointment of an additional Clerk for the Medical Stores on Rs 40-2-Rs 50, and

(2) The transference of the Assistant Compounder on his present pay from "Contingencies to "permanent" the funds being the same.

G. No 332. Enclosures 6.

Sir,

I have the honor to report for the information of Government that out of the allotment of Rs: 40,000 sanctioned in the Current year's Budget for the purchase of Europe Medicine a sum of Rs: 39,347-7-7 (as per statement No 1 attached) has already been expended, leaving a balance of only Rs: 652-8-5 while bills to the extent of Rupees 2,079-8-7 still remain unadjusted. (Vide statement No II attached).

2. The increase in expenditure during

during the Current year is due to the following circumstances:—

(a) By having to pay bills to the amount of £487-9-5 / Rs: 2813-13-3 which were outstanding from last year owing to want of funds.

(b) By the purchase of an Electric "X" ray apparatus for the Victoria Hospital at a cost of £113-3-1 or Rs 1687-8-7 and 3 Microscopes at a cost of £40-5— or Rs 604-11—

(c) By having to meet increased demands from the Victoria Hospl for medicines and appliances.

(d) By the rise in the price of quinine from Rs: 14/ to Rs: 16/ per lb - amount purchased 600 lbs.

(e) By extra indents for medicines &c required for troops &c proceeding to Delhi for the Coronation Durbar.

(f) By ~~these~~ the steadily increasing demands for medicines &c, by the various Dispensaries and Plague Hospitals throughout the

the Province

3. Under the above circumstances I request that early sanction may be obtained from Govt. for an additional grant of Rs: 21079-8-7 to liquidate the outstandings one of which Viz Rs 3,222 for Quinine has to be paid this month.

4. A statement shewing the different heads in the Budget from which provision could be made to meet the extra Cost is shewn hereunder:-

10. Cholera Charges —— 250

11. Interment of Paupers — 200

12. Savings effected in the Vaccine Institute by sale of Vaccine lymph —— } 10,140

Total 25,125

5. In preparing the Budget for 1902-03, I put down a sum of Rs: 45,000/- as being absolutely necessary to meet the demands for

for this year, but the amount was cut down to Rs. 40,000 I may here point out to Govt that it is absolutely impossible for me to continue to meet the demands of the various Hospitals and Dispensaries in the Province, unless a sufficient allotment is placed at my disposal each year. I have exercised the strictest economy throughout and not withstanding this, I find myself in the awkward situation of having to face a deficit of Rs. 21,079.

6. The supply of medicines to the large Hospitals with the exception of the Victoria Hospital, is not what it should be, in these enlightened days, and it compares very unfavorably with the Madras Presidency.

7. I have the honor[35] to submit for the information of the Government of His Highness the Maharaja a Comparative statement shewing the Cost of Medicines as supplied to the Hospitals in the Madras Presidency and the Cost of the same for Mysore from which it will be seen that the amount allotted in Mysore is a trifle over $\frac{1}{8}$th of that in Madras. The number of Hospitals and Dispensaries is a trifle over $\frac{1}{3}$rd of those in Madras Presidency, the figures being 152 and 427 respectively, whilst the total number of patients treated in Mysore and Madras bears the same ratio $\frac{1}{5}$th, the totals being Mysore 10 Lakhs and Madras 50 Lakhs.

8. If the same ratio be adopted as regards allotments instead of Rs 57,110 per annum as is now allotted, we should require Rupees 85,601, and presuming that in Madras also, as in Mysore, the strictest economy is exercised

as

(as I know it is) it is self-evident that if we wish to keep up with the times our allotments must be increased. In the Medical Stores here, we are compelled out of sheer necessity to purchase one year's supply only annually, instead of 3 years' supply as in Madras, and it is in part owing to our having made purchases for an 18 months supply, that we are faced with this deficit.

9. I do not advocate that we should jump at once from Rs 57,110 to Rs 85,601 but I have no hesitation in saying that our allotment for 1963-64 should not be less than Rupees 75,000/. Possibly this amount would suffice for several years when, if found inadequate it might be increased.

10. I have therefore the honor to submit herewith a proposition statement comparing the allotments in Madras and Mysore under

the

the following heads: — 37

1. Establishment.
2. Medical & Surgical Stores
3. Europe Stores.
4. Contingent Charges.

11. The increase asked for under these several heads amounts to Rs. 17,890 which is certainly not excessive.

12. The increase under the head of Establishment amounts to Rupees 1305. Vide proposition statement No A attached.

13. Up to the present time, there have been two clerks attached to the Medical Stores from the Head Office, their duties being to look after the clerical work in Medical Stores, Lunatic Asylum and General Vaccine Department of the Province. So long as there were only a few Hospitals and Dispensaries to deal with this arrangement was sufficient to meet the requirements of the case, but as the number of ~~those~~ these has

increased.

increased in 18 years by 28 3/8 % (the figures being 1885-40, 1903-152) this system is absolutely unworkable and with the object of separating them I now beg to submit for the Consideration of His Highness the Maharaja's Government 3 proposition statements A, B & C; shewing the increased expenditure which would be involved thereby.

14. I trust that these recommendations will meet with the approval of the Government of His Highness the Maharaja of Mysore as I am convinced that these Charges are essentially necessary for the efficient working of the several institutions of which I have the honor to hold charge of.

No G 365
Dated 4th April 1903

Sir,

I have the honor to forward herewith for favourable consideration of Government, the accompanying Proposition Statement recommending a small increase to the Menial Staff of my Office Establishment.

I would desire to lay before Government the disparity which exists between the menial establishment of my office and other offices, such as Chief Engineer, Chief Court, Comptroller &c as per margin, not only as regards pay, but also numbers.

The scale of pay drawn by the menials of my office establishment remains the same as it was at the time of the transfer of the Province.

I therefore recommend after due consideration that they be given a small increase not exceeding Rs.14/- considering the hard work turned out by them when compared with men of their status in other Departments.

I have the honor to be,
Sir,
